

## O God of Silence

1. O God of silence, voice of truth,  
we are your branches, you the root.  
O burning flame throughout the night,  
amid the darkness be our light.
2. Restore our weary hearts in you,  
that waking we may love anew.  
Give us again the eyes to see  
your face in all humanity.
3. Refresh our fragile earth with peace.  
May suffering and all violence cease.  
As Mother, hold us in your love  
until that dawn when all be one.
4. Father of all, your word of grace  
has flowered in our human race.  
O Spirit, lead us into your truth,  
to be your branches, you the root.
