

The Dawn Has Come

Refrain:

**The dawn has come with light of sun;
faces and hearts come alive!
New life begun, rising in our hearts,
so looking for a way to be free!**

1. Catch the simple and the ordinary
and make it into the happy and wonderful:
you can do it any day. *Refrain*
2. Eager to be living within us,
bright the day that dawns so clearly;
would you share the gift of your eyes? *Refrain*
3. Catch the simple and the ordinary
and make it into the happy and wonderful:
you can do it any day, any day,
any day, any day, any day, any day.
