

With Thanksgiving to God

1. With thanksgiving to God, our prayer is
always filled with profound joy for you,
When we think of the strength you are for others,
and letting God live in you with such beauty and truth.
2. May your faith become strong in God's word,
certain that having been planted in you,
thirst for wisdom and sensing spirit's presence,
the life within, deepened still, will inspire other's joy.
3. May God's spirit of peace be with you,
living sign of the love that you share;
may your home be filled with goodness and caring,
a place where there's no difference between stranger and friend.
4. May God's presence be what you offer,
as you welcome each other this day.
Simple kindness: the bread of our lives,
a word of peace, a gentle look: this God's gift to be shared.
5. With thanksgiving to God, our prayer is
always filled with profound joy for you,
When we think of the strength you are for others,
and letting God live in you with such beauty and truth.
