

## You Are the Bread

**Refrain:**

**You are the Bread, and you the table,  
the love Who serves at our feast.  
You are the leaven of promise among us,  
the life in every seed.**

1. God of the galaxies, of time and space,  
Wisdom at play in our world,  
bear our fragile, living earth  
upon your wings of peace. *Refrain*
2. Be the strength of hearts that fail,  
and sister to the poor.  
Cool as the breeze, come with your hope,  
and teach us our true worth. *Refrain*
3. You are the soul of all our songs,  
the passion in our love.  
Melt our frozen hearts like the sun,  
O dancing, dangerous God! *Refrain*
4. Shine as the light in which we see  
the beauty of each face.  
Give us words that heal and unite,  
that sow the seeds of peace. *Refrain*
5. Fire of love, forgiving, befriending,  
how shall we care for this earth?  
Open us to embrace all your works  
as lovers, companions, and friends. *Refrain*
