

The True Bread

Leader:

The true bread is a person,
the one sent by God from heaven.
And he gives life to all the world.

Response:

Give us this bread all the days of our life.

Leader:

I am the bread of life;
no one who comes to me
will hunger again.
And all who believe in me will never thirst. **Response**

Leader

The Father's love is why I've come:
not just to have my own way,
to give you life that knows no end. **Response**

Leader:

If you eat my flesh and drink my blood,
true life forever is yours.
My gift of presence to be shared. **Response**

Leader:

Take and eat, my body;
take and drink, my blood.
For one another do the same. **Response**

Leader:

If you love me, listen to me and the spirit will
live in your heart, the spirit of truth and compassion.
What greater gift could you ask? I will be living in you
and you will be living in me. And the peace which we will share
shall be the gift of our love to the world.

Response:

This is the way we want it to be.
